**NEWS RELEASE
EAST MARSHALL SCHOOL REGISTRATION
2024-2025 School Year**

The purpose of pre-registration is to enable school officials to prepare and adjust schedules prior to the beginning of school and to assist parents with questions regarding school programs and procedures. Registration for all grade levels may be completed on **Tuesday, August 6, 2024, at each of the school buildings from 12:00 p.m. to 7:00 p.m.** The traditional school registration process at the high school will no longer occur. We appreciate the support of the families as we transition into this new process. Parents will only need to visit one building to register all children in their household. If you are unable to register on this day, registration can be taken care of in the principals' offices in each respective school building.

Registration information will also be available on our website at www.emmustangs.org

Kindergarten students must have their physical forms presented prior to enrollment as per state law. New families in the district are urged to pre-register their children so that their school records can be forwarded to the East Marshall school system.
